To Whom It May Concern:

RE: Letter of Recommendation

It is my pleasure to recommend WONG JIA WEI for employment with your organization. I have known his for over 9 months during which time he worked as SOFTWARE DEVELOPER in my office. I have been consistently pleased with his work ethic during the time that he has worked in the office.

He is both dedicated and motivated. I am confident that he will devote herself to a position with your organization with a high degree of diligence and independence. He is quick to show his ability to digest large volumes of information and complete his tasks.

I recommend WONG JIA WEI without reservation. I am confident that he will establish productive relationships with your staff and organization.

Sincerely,

Woelly William
Director
